Home Design & Remodeling Show Showcases Fine Home Improvement and Design

The Miami Spring Home Design & Remodeling Show will bring an international showcase of home design and improvements to the Miami Beach Convention Center March 23-26. Carrying on the tradition of the successful Miami show that takes place annually over Labor Day weekend, the Spring show will showcase the very best in furniture and accessories, residential decorating and remodeling, interior design, home improvement products, landscape ideas, and a wide array of home-related products and services.

The show will inspire ideas in the many show goers that attend to shop, compare and buy from the over 1,000 displays. Homeowners, condo owners and those looking to build or purchase their dream home will have the opportunity to talk directly with home improvement experts onsite. From gourmet kitchens to luxurious bathrooms, the show will have all the ingredients necessary to turn ordinary into extraordinary.

BENEFIT FROM KNOWLEDGEABLE EXPERTS

Home improvement and design experts will be available throughout the show to offer advice and provide guidance in a variety of home improvement projects. Show guests can also take part in demonstrations, learn helpful hints, and try the many products and services on display at the show.

The current sluggishness of the South Florida real estate market has many South Florida homeowners concerned about their investments. Two guest speakers will be featured in a real estate forum to be held over the weekend at the show. Terry Haas, national real estate expert on HGTV's "Designed to Sell," and Dennis Haber, South Florida attorney and past president of the Attorney's Real Estate Council, will discuss how to turn a buyers market into a plus for homeowners and real estate investors. Terry will speak on Saturday and Sunday, March 24 and 25 at 2:00 and 4:00pm. Dennis will speak on Saturday at 1:00 and 3:00pm. The seminars are complimentary with paid admission to the Miami Spring Home Design & Remodeling Show.
